## GENERAL INSTRUCTIONS

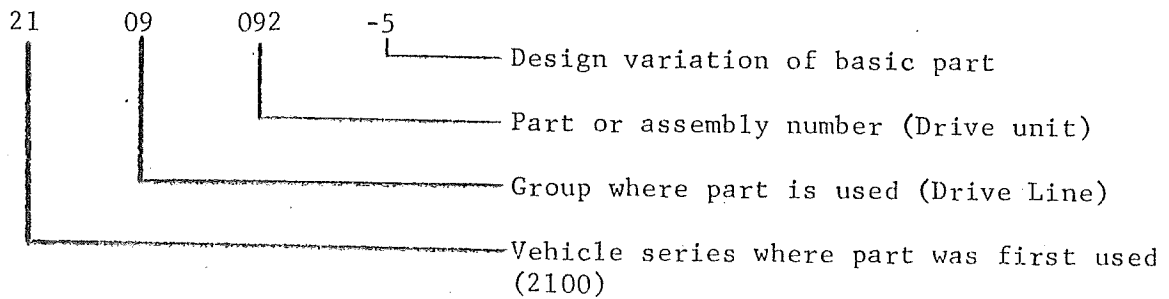

This parts catalog contains replacement parts information for Thiokol Corporation's 1200-C series vehicle.

### SECTION, GROUP AND BASIC NUMBERS

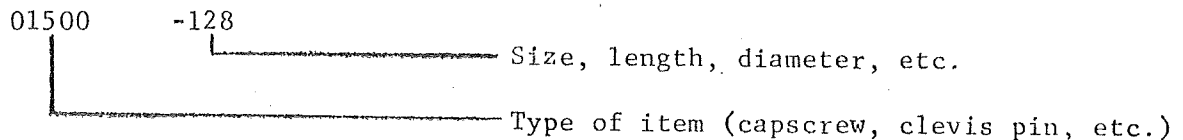

This catalog is divided into specific sections according to the major assembly groups which make up the vehicle; i.e., Engine Assembly, Fuel System, Cooling System, Chassis Assembly, etc. The applicable exploded illustrations are contained in the same section as the parts list. Parts illustrations precede the parts lists to which they apply. Assembly groups and illustration numbers appear in the Table of Contents.

### BASIC PARTS NUMBERING SYSTEM

The following is a diagram of the basic parts numbering system:

The following is a diagram of the standard hardware numbering system:

NOTE: This system also controls specifications on each hardware item, i.e., type of material, finish, strength, and grade of quality.

### PARTS LIST FORMAT

The parts list format is arranged in the order shown below:

1. Item number
2. Part Number
3. Quantity required per vehicle
4. Description of part
